YOUR COMMENTS ON THE CASE

Hello. I have lived in the Village of Upper Dicker, about 3 miles from this proposed development, since [REDACTED]. The [REDACTED] and I would like to think that I know quite a lot about this area. I am amazed that we are even considering building houses on the land that is proposed, it is always flooding and with the current obsession regarding all of the other developments taking place and the farm land that we are losing, the flooding is only getting worse. We also need to look at the road infrastructure. The proposed development sits next to the A22, which is the main Eastbourne to London road. This road, particular, at the Boship roundabout, just can't take anymore traffic. The daily congestion is just immense. This appeal should not be decided by anyone who DOES NOT live in this area!. Wealden DC, have finally made a correct decision and rightly refused the original application. The destruction of our local countryside has to stop quite frankly. The only people who are trying to charge forward are the ruthless developers who just see pound signs and handover such poorly constructed properties.
