Dear Marina

Thanks for the opportunity to comment on your Affordable Housing paper.

This strand of planning work appears to be more about tenure than about the impact of new housing on the natural environment. As a result, it generally falls beyond our remit and I have no comments to offer at this stage.

However if there are associated issues you feel we need to consider, please let me know and I will respond as quickly as possible. If discussion would be helpful, please give me a call.

Yours sincerely
