Please use the space below to tell us your comments on the Neighbourhood Plan and / or supporting documents. It would be helpful if you can provide reasons and evidence for your comments. Please use additional sheets if necessary.

I wholeheartedly support the Horam Neighbourhood Plan, the policies in it and the contents of the supporting documentation and reports.

There has been a series of consultations for me (and all other local residents) to make our ideas known; the very high level of positive support at the Regulation 14 Consultation clearly shows that the Horam Neighbourhood Plan is based on what residents want in the parish in which we live.

It does not prevent new houses being built. But importantly to me, the Neighbourhood Plan supports appropriately sized dwellings being built to an appropriate design in appropriate places. This will help the new development to sit within the landscape rather than being dumped onto, and dominating, the landscape; and will enable local people to grow up, work locally, afford to enter the housing ladder, raise a family and grow old in their ' home village ' while feeling comfortable with, and proud of, where they live. Being comfortable in my surroundings and proud of where I live is important to me.

The Neighbourhood Plan also sets out to preserve the settlement gaps within the Parish and thus preserve the individual identity and character of the different settlements in the Parish. This is important to me, to avoid where I live becoming an amorphous, urban sprawl.

The Neighbourhood Plan sets out to preserve important views and features, such as the Waldron Ghyll Valley, which characterise the landscape and enable residents to see, experience and enjoy the unique character of the landscape in this Parish, where the High Weald rolls down into the Low Weald. This experience and enjoyment is important for the well-being of myself, my family and my neighbours.

Although Horam is surrounded by fields we have very little accessible green space, the neighbourhood Plan identifies Local Green Space and I welcome their inclusion.

I therefore support the Horam Neighbourhood Plan
