To;- Cllr John Carvey

Dear Councillor,

Re. Ridings Group

I do not see where the problem lies. The Government has said that Councils shall have the freedom to make their own decisions on housing, so as the vast majority of Uckfield residents do not want or need more than a few houses for UCKFIELD PEOPLE, then our representatives (Town and District Councillors) should be faithful to the wishes of their constituents and turn down all applications for all unwanted developments.

If they are not willing to do so, then they should resign!

By the time all the "in-filling" around the town has been completed, I would imagine that most of Uckfield's needs would have been satisfied.

I am sure that you will receive ample opinions on the impact that 1000 houses would have on the town without my contribution.

Yours sincerely,
