Dear sirs

Hindsland / Morning Mill Farm - Housing Plans

Our elected representatives to Wealden Council have reported to us the attempt by the Council to change the wording of the interim findings produced by the Planning inspector.

The principal changes being the inclusion of the word "around" instead of maximum and the lack of clarity over schools and health provision.

We support and agree with Councillor Stephen Shing that the final recommendations for housing in the Hindsland/Morning Mill area should state a **MAXIMUM of 700** new houses.

We also believe that the schools and health provisions should be clearly identified and not left to chance.

Yours

Darrell and Irene Stubbs
