TONKIN

Mon. 21st

Dear Sir

I am writing to to say I disagree with the amount of House building you are doing here. There are no facilities for Doctors, School or hospitals able to cope. despite your Core Strategy and ~~Framework~~ policy The roads cant cope with more traffice example the 22-27 We are loosing all our green belt in favour for profit. In the future we will end up like India living in each outher pockets.

Yours truly
Mrs. S. Tonkin
