Dear Sirs,

I am writing to complain most strongly about WDC's refusal to use the word MAXIMUM in relation to the number of dwellings proposed for Hindslands/Manning Mill Farm.

Anyone with half a brain surely knows the difference between maximum and around!!

Is this just WDC's sneaky way to try and squeeze more houses in than is really acceptable?

For the record I have no objections to the new houses in principle but I do feel there must be a limited number ie. maximum, agreed upon.

Yours faithfully
