Deirdre Condon
Re New housing Plan for Hindersland/Morning Hill Farm

Re the above plan and proposed changes.
I was surprised to see the that the numbers of houses was so vague and the plan didn't contain corresponding references to new essential services such as schools/medical services and transport links.
I suggest adding a maximum of 700 new houses/dwellings with equivalent increase in school places, medical practices and other relevant essential services.
Thank you
Mrs D Condon
