HOLMES, L P (A) [redacted]

Dear sir,

Proposed housing in Hindsland/Morning Mills Farm

I am writing to express my concern that your response to the Planning Inspector's recommended modifications differ considerable in meaning from those suggested by the Inspector. I believe that that the final recommendations for housing should state a **"maximum"** of 700 new houses or considerable less, and should **not** state around 700 new houses which ambiguity suggests to me that you have a far different number of houses in mind for this area. Please could you also explain what the proposed community facilities are, what provision for primary & secondary schools has been made and also what provision for a Medical Centre has been made?

This is an entirely inappropriate location for building so many new houses with the access road to and from Eastbourne Road simple not suitable to meet traffic volumes, and with the current water problems how are the Water Companies proposing to deal with the further drain on our water supply?

Please register my objections and concerns and I look forward to receiving your reply.

Yours faithfully,

[redacted]

Mrs L P Holmes
