I am writing to strongly object to the proposed plan to build 1000 houses, primary school, industrial units and offices southwest of Uckfield.I do not consider it necessary for this development and list below my reasons.

Uckfield does not have the capacity to cope with so many extra homes - there are insufficient schools, doctors, dentists, the hospital is too small, fire and rescue and police do not have the numbers to cope, supermarkets car parks too small, not enough places in the community college and there would also be a huge increase in the amount of traffic going through the town. As it is the town often gets snarled up with traffic at peak times and I do not think it could cope with more. As a resident of Uckfield I do not think this plan should proceed and I am very much against it.
