Re: HINDSLAND / MORNING MILLS FARM DEVELOPMENT

For the attention of Head of Planning and Environmental Policy

Dear Sir

I am writing to register my objection to the wording of "around" 700 new homes to be built and feel that the wording should state "a maximum of 700 new homes".

Whilst on the subject I do feel that 700 new homes will be a massive strain on the already over subscribed DGH, schools, doctors' surgeries and road infrastructure, bearing in mind that there is also a proposal for several hundred homes to be built at Cophall Farm as well as the existing new builds at Bluebells and Millers Keep.

I feel that this area of Wealden is already over developed as there has been an enormous amount of building in Hailsham and also Stone Cross. I would like to know who exactly will be living in these new homes as surely they will not be for working families as there is already very high unemployment in this area and I doubt very much if young people will be able to afford them.

Having lived in this local area for most of my 62 years I am extremely unhappy at the vast changes proposed.

I look forward to your comments regarding this.

Yours faithfully

Mrs S Older & Mr M Older
