Subject: Downlands Farm
Sensitivity: Normal

Hi Tim,

My daughter and I regularly walk downlands farm and I was explaining to her the proposals for the land after she was saying how much she loves walking the dog there. She went on to express her disapproval, in her own 4 year old way, to the potential of not being able to walk the field.

So, I suggested she express it in the way she does best, with a picture. Please see attached.

It's just one if the many people I am sure who would rather the land stayed as it is

Anyway, I thought I would share

Regards,
