- ☐ Appellant
- ☐ Agent
- ☑ Interested Party / Person
- ☐ Land Owner
- ☐ Rule 6 (6)

What kind of representation are you making?

- ☐ Final Comments
- ☐ Proof of Evidence
- ☐ Statement
- ☐ Statement of Common Ground
- ☑ Interested Party/Person Correspondence
- ☐ Other

YOUR COMMENTS ON THE CASE

I stand by my objections to the original planning application. Any development on this site would cause the loss of a beautiful area for people to enjoy nature. It would also result in the destruction of wildlife habitats and see the loss of interesting natural flora and fauna. It would adversely affect adjoining areas', as they would be disturbed not only by any building work during construction, but the loss of habitat/feeding grounds that would be built upon and no longer accessible to them. The increase in traffic along Snatt's Road would be far too great for such a small road and would cause even more problems at the junction with the main road through Uckfield. Uckfield does not have the infrastructure or amenities, such as doctors, dentists, schooling, leisure centre/exercise facilities to cope with the current population, let alone adding to it and it would remove yet another area where people can get out into the fresh air and exercise.
