YOUR COMMENTS ON THE CASE

I have lived in Maresfield for over 20 years and have always been inspired by the countryside, its beauty and accessibility to the wonderful woodlands surrounding the village. I was saddened to hear that planning is being granted to a beautiful site where I have walked my dog over the years. I believe that we cannot continue creating more infrastructure by permitting excessive planning of areas of natural beauty. When these plans are accepted for new homes etc., where are the associated infrastructure to support an influx of more people. Where are the schools, the doctor surgery's the supermarkets the increased public transport to support these needs. The creation of more homes in the area of beauty around Maresfield and Uckfield has become more prolific and cannot continue without addressing the needs of the existing community which have a reduced infrastructure to support more new builds.

I do hope this opposition is considered carefully as this area which is of one of great beauty is slowly being eroded by greed.
