**YOUR COMMENTS ON THE CASE**

This is green space where wildlife live and I watch from my window or see on walks where are they meant to go. There are buzzards, foxes, woodpeckers, deer,  badgers just to name a few. We do not need more houses we need decent transport links such as a train that runs regularly, we need to preserve the green open space for generations to come
This will create noise, light pollution and more traffic and devalue the house prices as well as putting pressure on amenities
