- ☐ Land Owner
- ☐ Rule 6 (6)

What kind of representation are you making?

- ☐ Final Comments
- ☐ Proof of Evidence
- ☐ Statement
- ☐ Statement of Common Ground
- ☑ Interested Party/Person Correspondence
- ☐ Other

YOUR COMMENTS ON THE CASE

I object to this application. We need to preserve green spaces and not concrete over. There has been too much development in Uckfield reducing wildlife habitat and changing the florna and fauna. This ancient woodland area and fields needs to be preserved for future generations. This is a well used area by locals for waking all of which is good for ones health adding cars,houses and people will be detrimental. There is an abundance of wildlife in this area that would be destroyed by developement..More concrete leads to more surface run off adding to increase chance of flooding. Uckfield does not need any more housing. The current houses already earmarked around Uckfield haven't sold so why do we need more housing. The roads and local services are not designed for more cars and people. Soon there will no green space left in the countryside. Uckfield is already struggling with water, services, traffic what will it be like I'd more housing applications are agreed. Say no and save our countryside, wildlife, health and nearby ashdown forest and migrating birds.
