YOUR COMMENTS ON THE CASE

Uckfield is over run with new housing that is not selling or affordable for local people wanting to get on the property ladder. The Downlands development is in an area of beauty with many rare flowers and plants. We are slowly seeing our greenspaces being eroded by buildings. Recent issues with water supply in the area have highlighted the inadequacy of the current system and adding more housing to the area will exacerbate this. Doctors surgeries struggle to keep up with the demand in the area and increased traffic will worsen pollution in the local area. I strongly disagree with this development going ahead and hope views of local people will be considered.
