**YOUR COMMENTS ON THE CASE**

I strongly object to the proposed building of houses at Downlands Farm. The destruction of natural habitat goes against all effort that is being made to protect our environment. People need homes of course, but not at the expense of wildlife, more congestion on roads, already caused by indiscriminate building in Uckfield and the inevitable effect emotional and physical on those living near Downlands Farm. The cost to these people, their physical and mental health cannot be measured. It is not a case of NIMBY, as I do not live nearby, but every voice needs to be heard against the destruction of our landscape; When every inch of green space is covered in concrete, those who approve these decisions and the greedy developers will wonder why there are no birds singing, no butterflies, and no bees buzzing, (already happening everywhere) What elegy will be written about them?
