YOUR COMMENTS ON THE CASE

This beautiful piece of countryside behind Lake Wood is home to precious wildlife habitats and as such it is a wildlife corridor to Buxted Park SSSI. The development will result in the irreplaceable loss of our heritage, ancient woodlands and habitats and I feel this area should be protected in perpetuity. Uckfield has three on-going large housing developments underway with more to the north of the town, already agreed. These alone are already changing the character of this town and when completed, will put incredible strain on facilities as no new one's for our inhabitants are planned at the same time. Therefore, open spaces, nature and providing a non-concrete/brick/tarmac place for people to relax, nurture and enjoy is more essential than ever. PLEASE DON'T TAKE THIS AWAY FROM US!
