YOUR COMMENTS ON THE CASE

This is a beautiful area full of endangered wildlife and flora. There is irreplaceable ancient woodland and rare peat fed lake. To destroy all of that to make way for development would be sacrilege. The infrastructure cannot cope as it is without more housing putting more strain on it, to say nothing of schools, doctors etc
Over developmental already causes problems on the Uckfield, Maresfield bypass, the volume of traffic increases on a daily level adding to noise and air pollution.
The Lake Wood is an area where my husband and I along with many others walk our dog safely and have done for a long time. It is a beautiful area, it does not deserve to be treated with so much disregard for the importance of keeping such an amazing rural space.
I strongly oppose this development.
