YOUR COMMENTS ON THE CASE

My objections to this planning application: Uckfield by pass is inadequate to cope with extra traffic from planned estate.(An average of two or even three cars per house.)Local amenities are already struggling with the influx due to extra housing .Southern water unable to supply water because of extra demand !!! The wild life are now being seen in nearby roads eg Snatts Road and Rocks Park Road(Foxes, badgers and deer because their habitat is being destroyed. Locals are discouraged from driving to Ashdown Forest because of atmospheric pollution yet now we won't be able to walk in this area which is within walking distance. The train service from Uckfield to London is inadequate for more commuters and bus services aren't good either. With one less school in the town pupils from this new estate will be driven as is the case already.with the status quo. This will NOT be affordable housing and young people will be forced out. At time of writing I hear that new housing in a different part of town is not selling.
