Subject: 3321978 Downlands Farm, Uckfield - Amended plans
Sensitivity: Normal

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Dear Sir or Madam,

Please may this email be recorded as a response to case number 3321978 Downlands Farm, Uckfield.

I do not accept or approve of the new changes proposed. These changes have been made in light of the initial plans having been turned down by the Local Council. This decision made by the Local Council should have been accepted initially on the strength of feeling from the local community and various experts alone.

Whilst I acknowledge efforts have been made to plan appropriate planting of trees and shrubs in the hard and soft landscaping of the SANGs area,
I feel the plans do not truly address the issues of building on Ancient Woodland.

No good can come from meddling and changing what currently exists in this space. The increased volume of traffic, the dangerous access to and from the by-pass for Emergency Vehicles and all the building work to install boardwalks in the SANG, into a place which has existing pathways anyway, seems unnecessary and detrimental to the unique character and valuable wildlife which live there.

Thank you for taking the time to read this email and I look forward to attending the Planning Inquiry later this month.

Best regards,

Miss S Rawnsley
