YOUR COMMENTS ON THE CASE

I wish to object in the strongest terms possible to the proposed development of Downlands farm. this site contains a huge amount of plant and animal life which is ,in some cases rare, bats and doremice for example. In the past planning permission was rejected because the site was recognised as an area of ancient woodland, now rare in england. the watercourses around the area would be badly affected and the aquatic life within them destroyed.this wanton destruction of our countryside in the name of profit is a disgrace and should be stopped
