YOUR COMMENTS ON THE CASE

I object to the proposed development because it would destroy special and rare grass meadows that are the home of a great number of bird species, insects, small mammals, rodents and invertebrates. It is irreplaceble heritage landscape that has been an open space enjoyed by my family for over 20 years. It provides an essential wildlife 'corridor' linking key areas of woodlands, streams, popnds that suppor biodiversity in East Sussex.
There is littleproven demand for additional new houses in Uckfield - the Ridegeway site remains only partly completed.
