- ☐ Appellant
- ☐ Agent
- ☑ Interested Party / Person
- ☐ Land Owner
- ☐ Rule 6 (6)

What kind of representation are you making?

- ☐ Final Comments
- ☐ Proof of Evidence
- ☐ Statement
- ☐ Statement of Common Ground
- ☑ Interested Party/Person Correspondence
- ☐ Other

YOUR COMMENTS ON THE CASE

I have lived within walking distance of Downlands farm for over 30 years, during which time I have greatly enjoyed this area, with it's wide range of flora and fauna, with wonderful views to The Ashdown Forests. Often spotting mammals, birds and reptiles, including muntjac dear, roe dear, buzzards, wood peckers, bats and grass snakes and slow worms, to name a few. Surely any form of developement on this site, which is a natural wildlife corridor between woodland trust sites, should be considered completely inappropriate as this site must worthy of SSSI status for it's irreplaceable heritage landscape, ancient woodlands, priority habitats and endangered species, which should be protected forever.

The Increase in traffic which would inevitably result from this developement, is of great concern, as traffic through and around the town is a big problem at peak times, with a journey from one end of town to the other often taking 20 minutes plus.

[redacted], which is little more than a country lane, I understand this is proposed as new access to the car park, which would largely increase traffic movement along an already over used lane.
