- ☐ Agent
- ☑ Interested Party / Person
- ☐ Land Owner
- ☐ Rule 6 (6)

What kind of representation are you making?

- ☐ Final Comments
- ☐ Proof of Evidence
- ☐ Statement
- ☐ Statement of Common Ground
- ☑ Interested Party/Person Correspondence
- ☐ Other

YOUR COMMENTS ON THE CASE

Is there any Greenland left in Uckfield that the council won't leave be. We are over run with cars with a road network that can not cope. There have been so many new developments with 1000's of new homes but no provisions made for schools, doctors, dentists etc I can't even get into an NHS dentist and haven't had one for 5 years. The town centre can not cope during rush hour already. No consideration to the huge rise in population, the local amenities foods shops are not enough, not enough Police to repose to come but yet the population in the town is rising so rapidly with no thought into how the town with cope as it is clear it is all about money.

More importantly though this is another open space full of wildlife being forced from its habitat by greed. Shame on the council for approving so many developments without things in place to help the town cope. Ridgewood Farm prime example so many promises as part of plans to have one way entry for part of the site and buses to prevent a through route, promises made for traffic calming along Lewes Road and nothing done so traffic now flow 60mph down a hill along with boy racers ever night into a blind bend next to the entrance they put in. No though or promises followed through with these developments
