Subject: RE: Planning Application WD/2022/3222/MAO

Categories: Consultee

Dear Planning

If this application receives approval the Developer is required to ensure there is sufficient water for firefighting in accordance with the Water UK National Guidance Document. This is usually achieved by the provision of Fire Hydrant(s) attached to a suitable water main. Early consultation with East Sussex Fire & Rescue Service is recommended to ensure that all needs are met.

Regards

john
