Afternoon Thandi,

Having now discussed with my client, we request the application be moved forward to determination on the basis of the consultee comments received to date and the information submitted in response.
We appreciate there are outstanding consultee objections, however it is our belief these have been addressed.
Nevertheless, we expect some consultees may continue to uphold their objections and this will need to be tested through the Appeal process.
In light of this we do not consider it appropriate to delay determination of the application further.
Could you please let us know when the Council would be able to make a decision on the proposals?

Kind Regards

Joshua Mellor
Planning Associate Director

Dear Joshua,

Thank you for your email.

I consulted all consultees that I needed to consult following receipt of your amended or additional details. I have not received any responses to my re-consultations.

Your planning application is currently under assessment. I have also consulted ESCC LLFA on the additional and amended detail that you submitted today.

Kind regards

Thandi

Morning Thandi,

We are close to the end of the EoT request again, and we are keen to understand the Council's position on this scheme.

Over the course of the last 2 months we have provided responses to consultee comments relating to arboriculture and ecology (on 29 November 22), highways and transportation (on 21 December 22) and heritage (on 10 January 23). Have you received any further responses following this?

We have also been working alongside the LLFA to resolve their comments relating to the proposed drainage strategy, please find attached technical note and accompanying plan which should be forwarded on to them.

Look forward to hearing from you

Regards

Dear Joshua,

Thank you for your email and attached detail. I will consult the Heritage Officer.

The extension of time till 31 January has been agreed. I hope we I would have received comments from the Heritage Officer by then.

Kind regards

Thandi

Good afternoon Thandi,

In response to the comments of the Conservation Officer please find attached Heritage Addendum which provides the additional information requested to further consider the potential heritage implications of the proposed development. As detailed in the note, it is concluded there is no change from the conclusions of the Heritage Assessment submitted with the application and the proposed development does not result in harm to any designated heritage assets other than the Maresfield Conservation Area, as identified in the Assessment.

Also – would you be able to confirm the EOT until the end of Jan is agreed?

Kind Regards
