WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

PARISH SUMMARY OF QUANTITY, QUALITY AND ACCESSIBILITY

This document is a summary of the quality and quantity findings for each Parish area across the district of Wealden. The information is based on, and is intended to act as a supplement to, the Wealden Open Space Assessment Report 2022.

Together the documents are intended to identify what provision exists in an area, its condition, distribution and whether any shortfalls are highlighted. This should consequently help inform the direction on the future priorities for the provision of accessible, high quality, sustainable open spaces across Wealden.

To identify shortfalls and needs of open space in a local area, provision standards focusing on Quality/Value, Quantity and Accessibility are set and applied.

Quality/Value	Ability to measure the need for enhancement of existing facilities. Aimed at identifying high quality provision for benchmarking and low quality provision. The quality thresholds are generally based on the average audit assessment scores for each type of open space.
Quantity	Are there enough spaces in the right places? Aimed at helping to establish areas of surplus and deficiency and, where appropriate, to understand the potential for alternative uses and/or key forms of provision.
Accessibility	The general distance reasonable to travel to reach a certain type of open space. Intended to help identify potential areas with gaps in provision. Shown via maps.

Quality and value are fundamentally different and can be unrelated. For example, a site of high quality may be inaccessible and, thus, be of little value. Whereas a poor quality site may be the only one in an area and thus be immensely valuable. As a result, quality and value are also treated separately in terms of scoring.

Addressing shortfalls

The following are general guiding principles to consider when looking at how to address shortfalls in quality, quantity, and accessibility.

For sites rating lower for **quality** and value, the aspiration should be to enhance such sites through appropriate improvements. Initial indicators to the features of a site which would benefit from enhancement are set out within this report.

Shortfalls in **quantity** should in the first instance look to be addressed through creation of new forms of provision. In most instances, the creation of new open space provision is only likely to be linked to areas of new development. It is therefore crucial that new development contributes to the overall provision of open space.

As the creation of new open space provision to address existing shortfalls is not widespread, it is important to consider quantity in conjunction with accessibility and quality. For instance, if an area is served by an existing site of poorer quality, the priority should be to enhance its quality as it is serving an important function in terms of access.

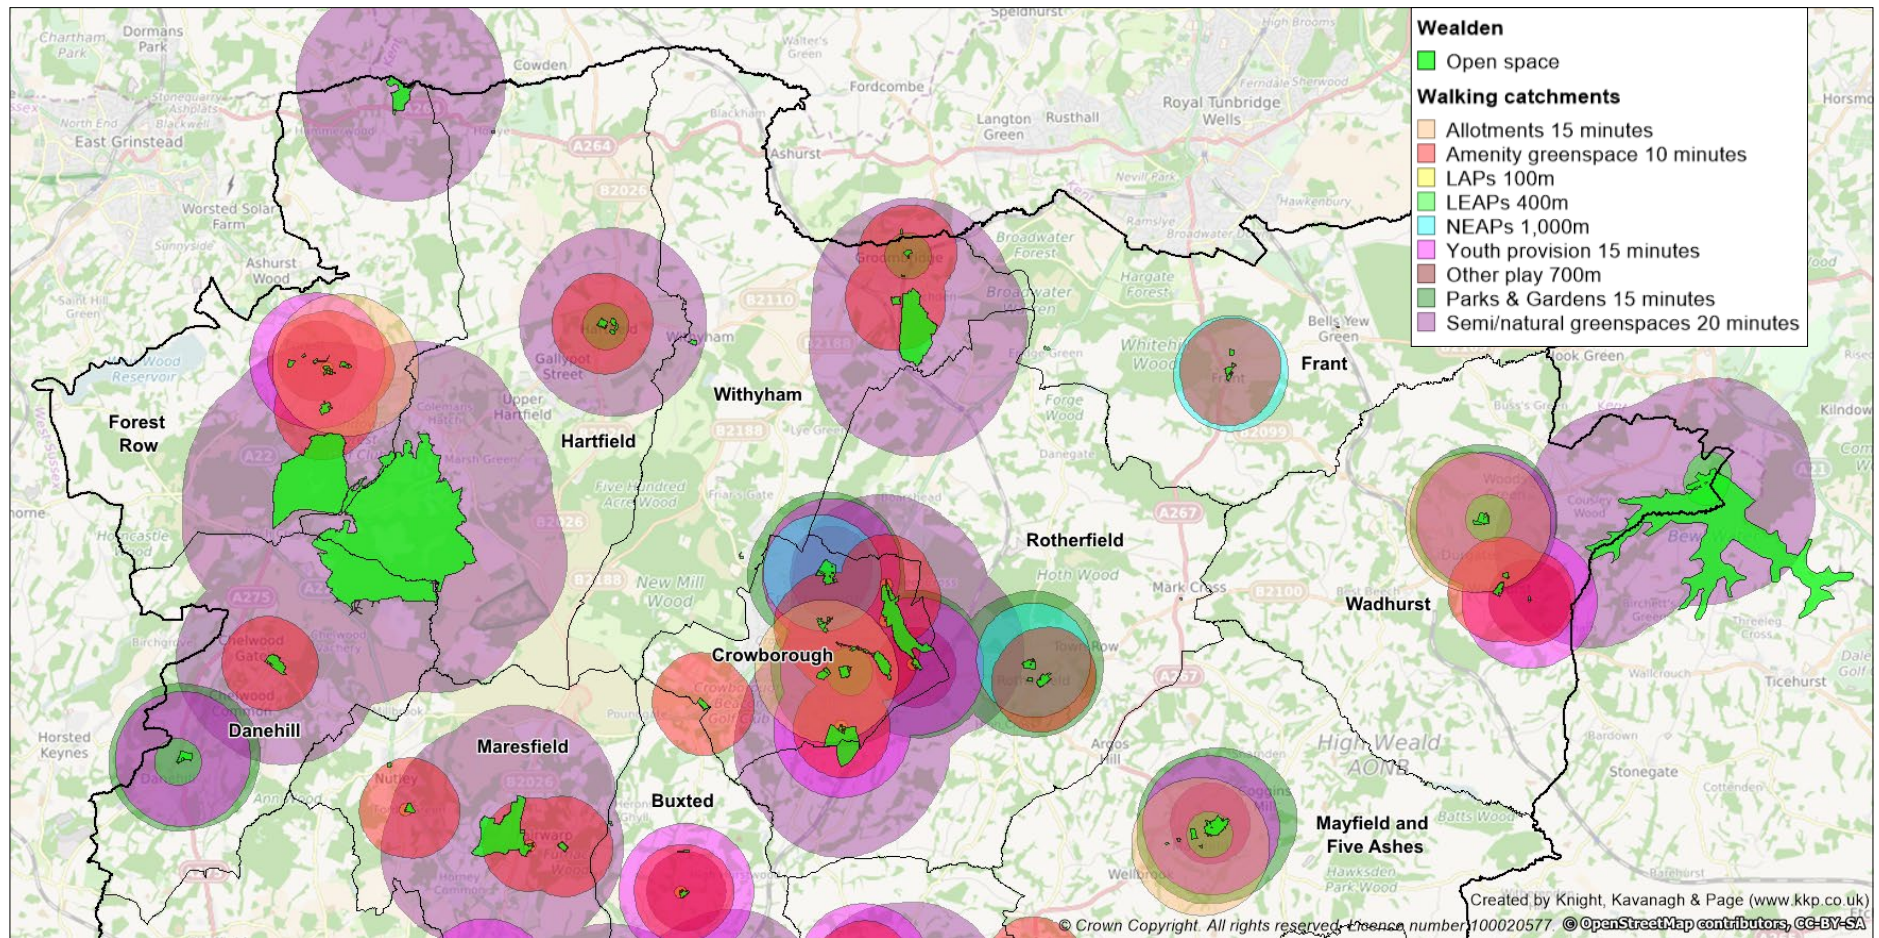

Shortfalls in **accessibility** can look to be addressed through creation of new provision (particularly for play) or through exploring opportunities to enhance and strengthen the role of some sites helping to serve areas as having identified gaps in a form of provision. The report identifies such instances in the parish summaries.

WEALDEN DISTRICT COUNCIL OPEN SPACE STUDY - PARISH AREA SUMMARY

Accessibility overview

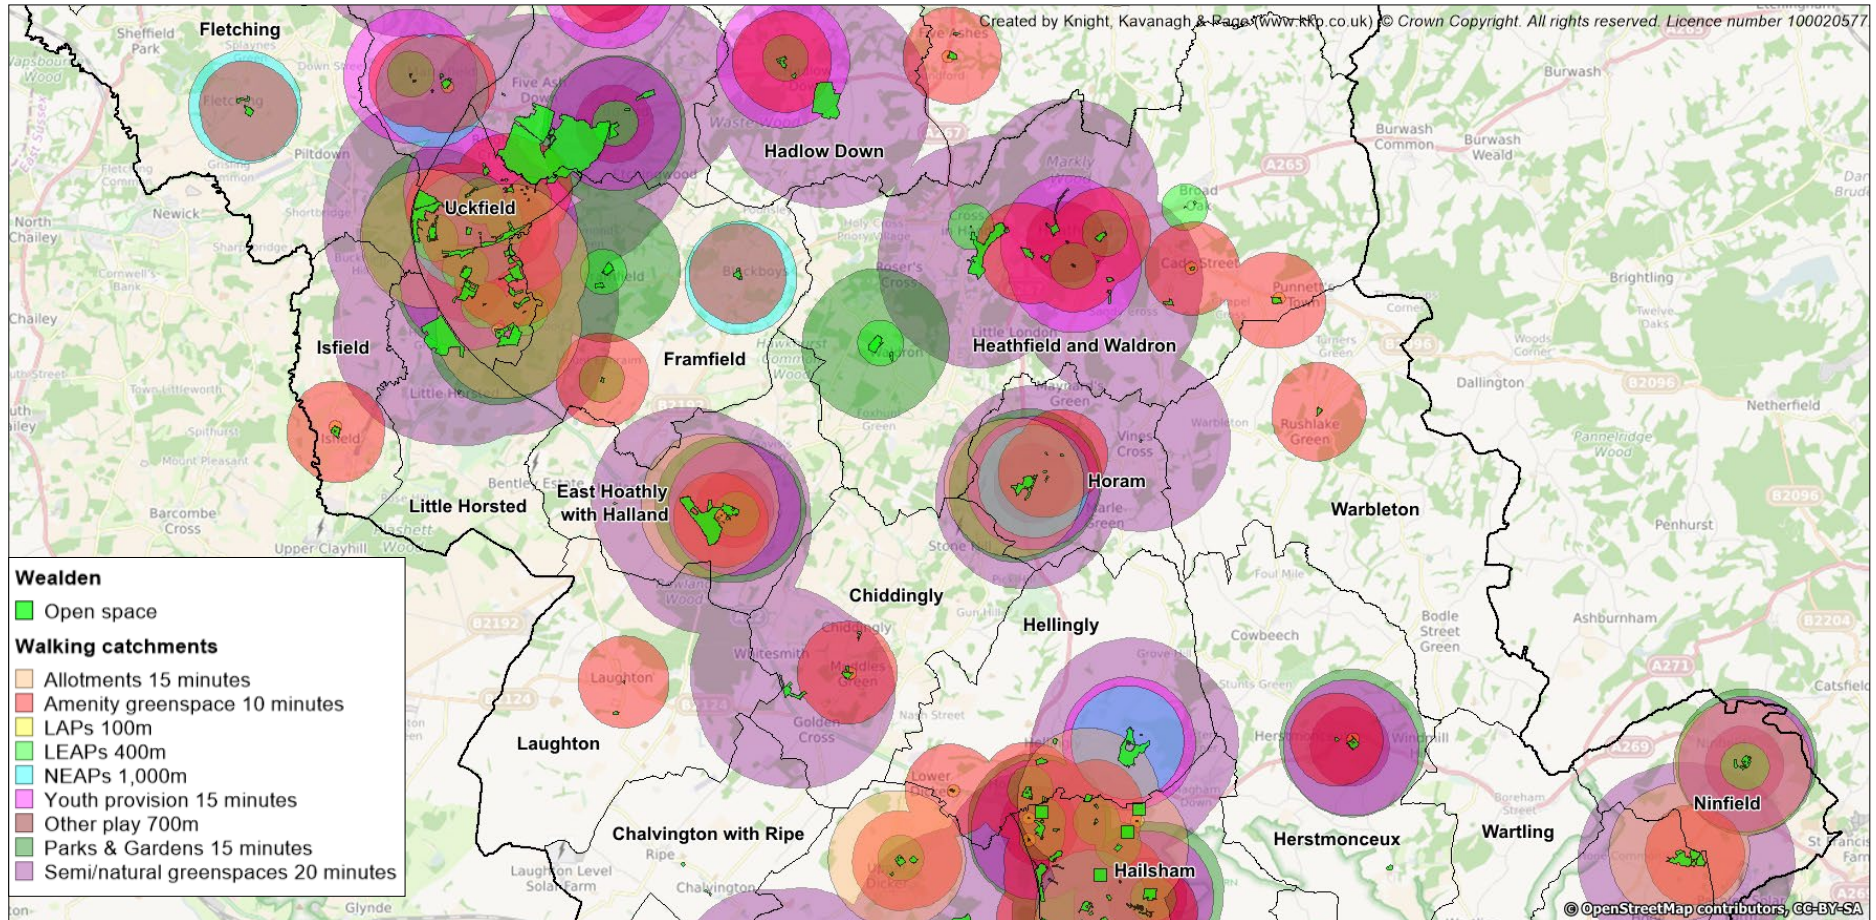

The following maps are an overview to the location of open space sites and the respective accessibility catchments applied to each open space type. This is intended to help highlight areas of the district not served by a form of open space.

Accessibility catchments overview for Wealden district (Northern areas)

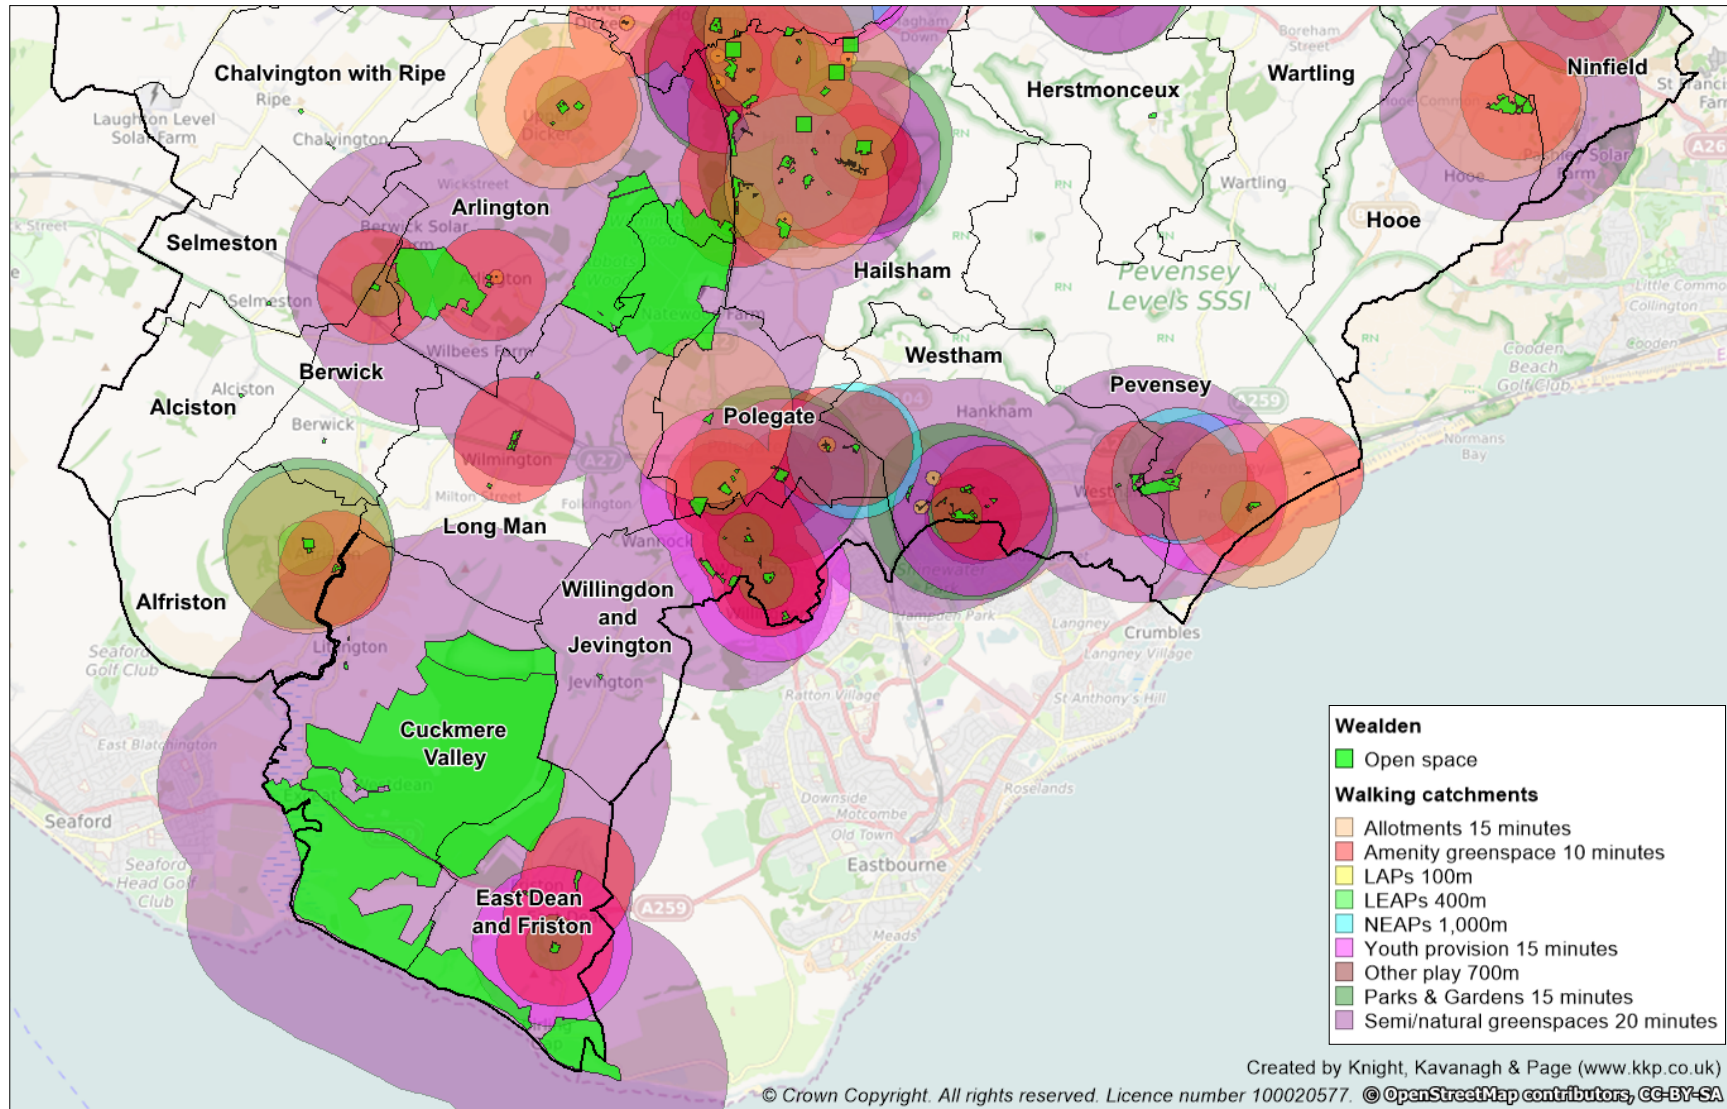

WEALDEN DISTRICT COUNCIL OPEN SPACE STUDY - PARISH AREA SUMMARY

Accessibility catchments overview for Wealden district (Central areas)

WEALDEN DISTRICT COUNCIL OPEN SPACE STUDY - PARISH AREA SUMMARY

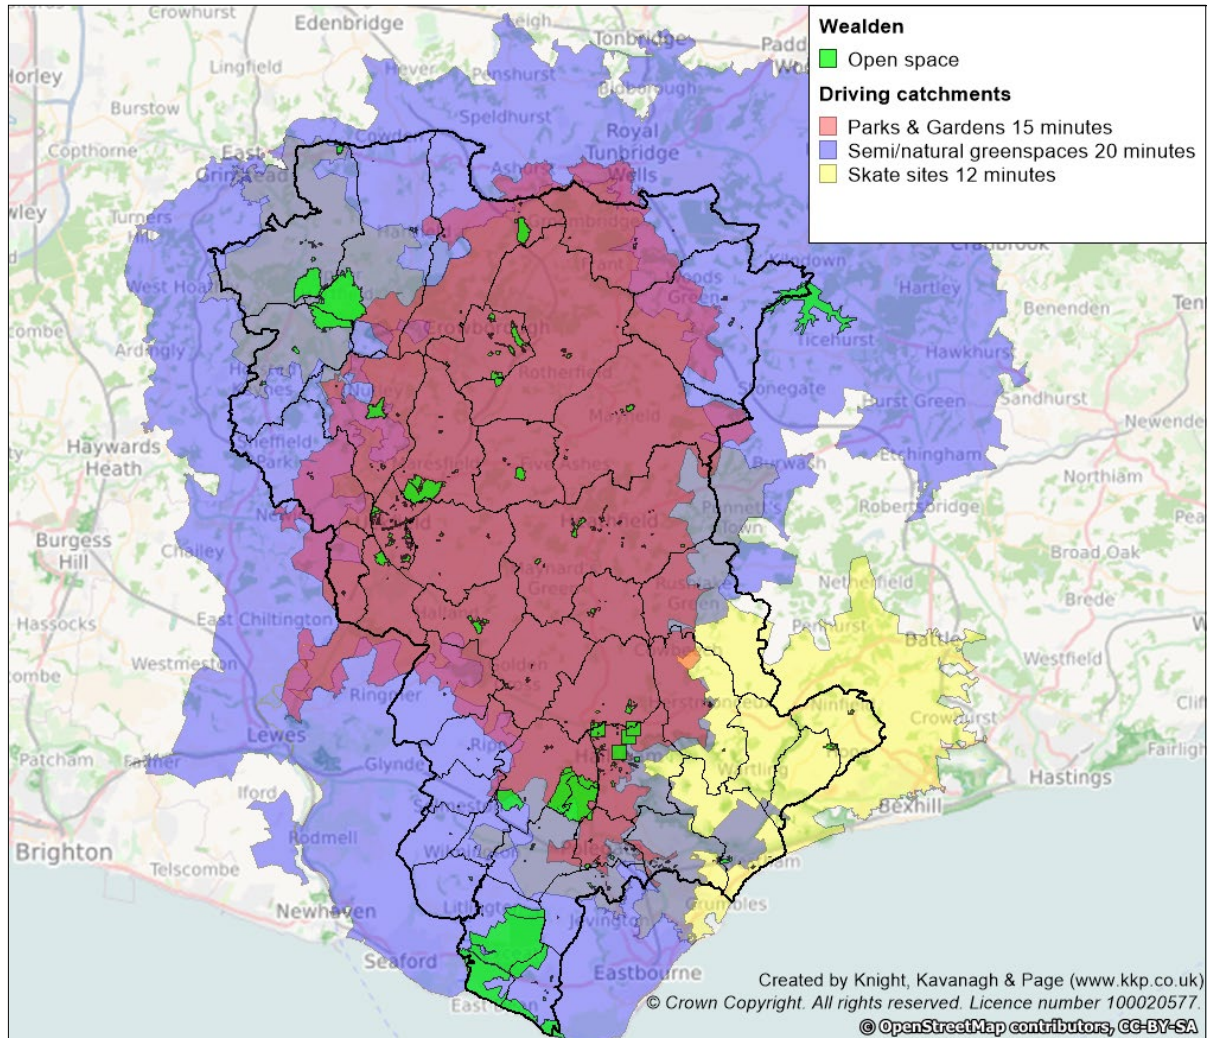

Accessibility catchments overview for Wealden district (Southern areas)

WEALDEN DISTRICT COUNCIL OPEN SPACE STUDY - PARISH AREA SUMMARY

For the open space types of parks, natural/semi-natural greenspace and skate parks a drive time catchment is also applied.

Accessibility catchments overview for Wealden district (drive times)

Typology specific catchment maps are set out within the appendices. Further information about Wealden as a district including accessibility catchments can be found in the main report.

OPEN SPACE STUDY - PARISH AREA SUMMARY

1. Arlington Parish Area Summary

Figure 1.1: Arlington with open space sites

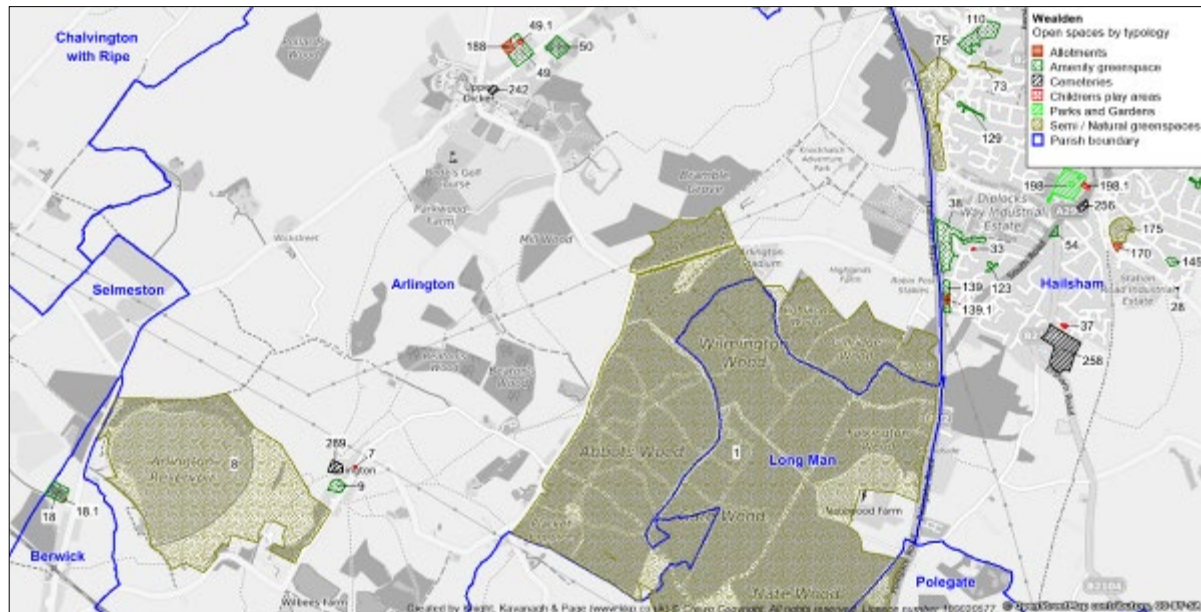

Table 1.1: List of open space sites

Site ID	Site name	Open space type	Size (ha)	Quality score	Value score
7	Arlington Play Area	Children's play	0.02		
8	Arlington Reservoir	Semi / Natural greenspaces	96.66		
9	Arlington Village Hall Playing Field	Amenity greenspace	0.56		
49	Dicker Recreation Ground	Amenity greenspace	1.60		
49.1	Dicker Play Area	Children's play	0.07		
50	Dicker Village Hall and Playing Fields	Amenity greenspace	1.05		
188	Upper Dicker allotments	Allotments	0.38		
242	Upper Dicker Church	Cemeteries	0.21		
289	St Pancras Church	Cemeteries	0.49		

The application of the provision standards for quantity, quality, and accessibility (including catchment mapping) are presented in the main Open Space Report. The following is a summary to the findings.

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Table 1.2: Summary of accessibility and quality standards

Typology	Accessibility	Quality
Parks and gardens	n/a	n/a
Natural & semi-natural	No gaps in provision	Site of high quality
Amenity greenspace	No gaps in provision	Two out of three sites rate below quality threshold
Play provision	No gaps in provision	Two out of two sites rate below quality threshold
Allotments	No gaps in provision	Site of high quality

Table 1.3: Summary of quantity standards

Typology	Quantity (Sqm)		
	Available	Required	Balance
Parks and gardens	0	-	-
Natural & semi-natural	96,6600	23,550	+943,050
Amenity greenspace	32,100	6,905	+25,195
Play provision	900	617	+284
Allotments	3,900	1,233	+2,667

Summary and Priorities

No significant quantity or accessibility shortfalls are highlighted. The priority for the area is to enhance lower quality sites where possible.

- ◆ The two lower scoring amenity greenspace sites, Arlington Village Hall Playing Field (ID 9) and Dicker Village Hall and Playing Fields (ID 50), could benefit from better entrances/approaches.
- ◆ Arlington Play Area (ID 7) and Dicker Play Area (ID 49.1) could benefit from enhanced quality and range of equipment as well as signage. Arlington Play Area is noted as a small wooden play area consisting of an agility area.

WEALDEN DISTRICT COUNCIL OPEN SPACE STUDY - PARISH AREA SUMMARY

2. Berwick Parish Area Summary

Figure 2.1: Berwick with open space sites

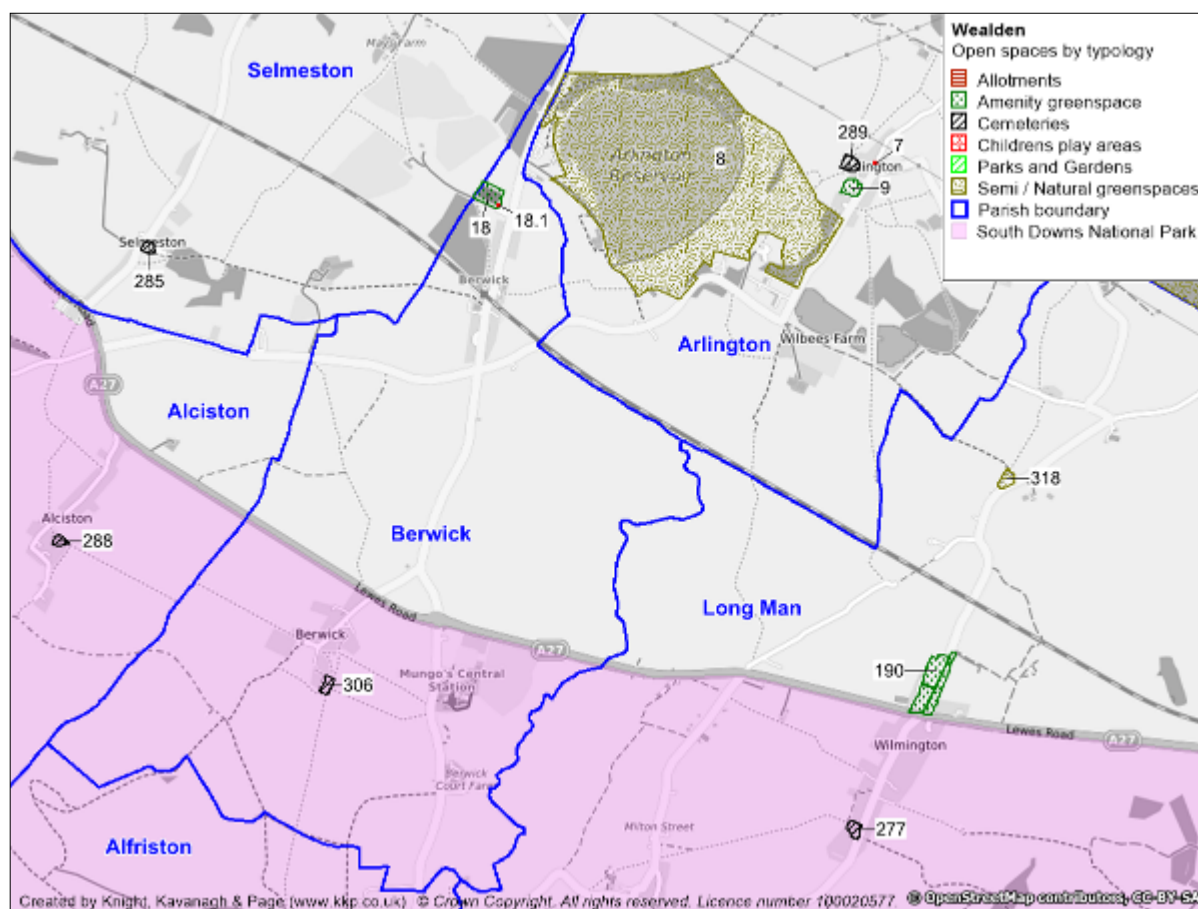

Table 2.1: List of open space sites

Site ID	Site name	Open space type	Size (ha)	Quality score	Value score
18	Berwick Field	Amenity greenspace	1.10		
18.1	Berwick Field play area	Children's play	0.01		
306	Berwick Church	Cemeteries	0.34		

The application of the provision standards for quantity, quality, and accessibility (including catchment mapping) are presented in the main Open Space Report. The following is a summary to the findings.

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Table 2.2: Summary of accessibility and quality standards

Typology	Accessibility	Quality
Parks and gardens	n/a	n/a
Natural & semi-natural	No gaps in provision	n/a
Amenity greenspace	No gaps in provision	Site of low quality
Play provision	No gaps in provision	Site of low quality
Allotments	n/a	n/a

Table 2.3: Summary of quantity standards

Typology	Quantity (Sqm)		
	Available	Required	Balance
Parks and gardens	0	-	-
Natural & semi-natural	0	-	-
Amenity greenspace	11,100	2,302	+8,798
Play provision	80	206	-126
Allotments	0	-	-

Summary and Priorities

The priority for the area is to enhance lower quality sites where possible.

- ✦ Berwick Field (ID 18) could benefit from better entrances/approaches and pathways.
- ✦ Berwick Field play area (ID 18.1) could benefit from enhanced quality and range of equipment as well as surfaces.

Site ID	Site name	Open space type	Size (ha)	Quality score	Value score
29	Buxted Millennium Little Wood	Semi / Natural greenspaces	2.63	Red	Green
30	Buxted Park	Semi / Natural greenspaces	175.65	Red	Green
31	Buxted Recreation Ground	Parks and Gardens	2.81	Green	Green
31.1	Buxted Recreation Play space	Children's play	0.04	Red	Green

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Site ID	Site name	Open space type	Size (ha)	Quality score	Value score
31.2	Buxted Recreation Basketball	Children's play	0.003		
91	High Hurstwood Recreation Ground	Amenity greenspace	1.33		
91.1	High Hurstwood Play Space	Children's play	0.02		
91.2	High Hurstwood Basketball	Children's play	0.007		
248	Heron's Ghyll Catholic Church	Cemeteries	0.32		
278	Holy Trinity Church, High Hurstwood	Cemeteries	0.52		
280	Buxted Parish Church St Margarets	Cemeteries	0.78		
291	St Marys Church, Buxted	Cemeteries	0.40		
309	Five Ash Down Chapel and Hall	Cemeteries	0.15		

The application of the provision standards for quantity, quality, and accessibility (including catchment mapping) are presented in the main Open Space Report. The following is a summary to the findings.

Table 3.2: Summary of accessibility and quality standards

Typology	Accessibility	Quality
Parks and gardens	No gaps in provision	Site of high quality
Natural & semi-natural	No gaps in provision	Two out of two sites rate below quality threshold
Amenity greenspace	No gaps in provision	Site of high quality
Play provision	No gaps in provision	Two out of four sites rate below quality threshold
Allotments	n/a	n/a

Table 3.3: Summary of quantity standards

Typology	Quantity (Sqm)		
	Available	Required	Balance
Parks and gardens	28,100	21,995	+6,105
Natural & semi-natural	1,782,800	79,265	+1,703,535
Amenity greenspace	13,300	23,240	-9,940
Play provision	800	2075	-1,275
Allotments	0	-	-

Summary and Priorities

The priority for the area is to enhance lower quality sites where possible. Furthermore, any opportunities for new provision could look to focus on existing quantity shortfalls in amenity and play provision.

- ◀ Buxted Millennium Little Wood (ID 29) and Buxted Park (ID 30) could benefit from enhanced ancillary facilities including bins, signage and entrances/approaches.
- ◀ Buxted Recreation Play space (ID 31.1) and Buxted Recreation Basketball (ID 31.2) could benefit from enhanced surfaces and signage.

The application of the provision standards for quantity, quality, and accessibility (including catchment mapping) are presented in the main Open Space Report. The following is a summary to the findings.

Table 6.2: Summary of accessibility and quality standards

Typology	Accessibility	Quality
Parks and gardens	No gaps in provision	Four out of four sites rate below quality threshold
Natural & semi-natural	No gaps in provision	One out of two sites rate below the quality threshold.
Amenity greenspace	No gaps in provision	Two out of eight sites rate below quality threshold.
Play provision	Gaps in provision for younger ages	One out of 16 sites rate below quality threshold
Allotments	Gaps in provision	Site of high quality

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Table 6.3: Summary of quantity standards

Typology	Quantity (Sqm)		
	Available	Required	Balance
Parks and gardens	145,800	117,724	28,076
Natural & semi-natural	426,300	424,249	+2,051
Amenity greenspace	88,600	124,387	-35,787
Play provision	8,500	11,106	-2,606
Allotments	8,300	22,212	-13,912

Summary and Priorities

The priority for the area is to enhance lower quality sites where possible and address gaps in catchments for play provision. Furthermore, any opportunities for new provision could look to focus on existing quantity shortfalls.

- ◀ The four lower quality scoring parks and gardens would benefit from enhancement. Goldmiths boating pond and mini railway (ID 71) could benefit from more controls to prevent illegal use and signage. Crowborough Leisure Centre (ID 43) and Wolfe Recreation Ground (ID 203) could benefit from more seating and better signage. Jarvis Brook Playing Fields (ID 104) could benefit from toilets and better signage and security.
- ◀ The lower scoring natural greenspace site, Crowborough Ghyll (ID 42), could benefit from enhanced ancillary facilities including more bins and some signage and seating.
- ◀ Hilders Farm Close AGS (ID 92) and The Warren Playing Field (ID 184) could benefit from signage. Moreover, The Warren Playing Field could benefit from better security, pathways and parking.
- ◀ Bethany Close Play Area, Green Lane, Crowborough (ID 219) could benefit from clear information on the sign which has faded. It could also benefit from bins and benches.
- ◀ To address gaps in catchment mapping, explore opportunities to expand existing provision to cater for a wider range of age ranges at sites such as Adam Close Play Area (ID 2.1-2.4) and Wolfe Play Area (ID 203.1/203.2).

46.2	Danehill Recreation Ground MUGA	Children's play areas	0.12		
238	Chelwood Gate Church	Cemeteries	0.19		

The application of the provision standards for quantity, quality, and accessibility (including catchment mapping) are presented in the main Open Space Report. The following is a summary to the findings.

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Table 7.2: Summary of accessibility and quality standards

Typology	Accessibility	Quality
Parks and gardens	No gaps in provision	Site of low quality
Natural & semi-natural	No gaps in provision	Site of low quality
Amenity greenspace	No gaps in provision	Site of high quality.
Play provision	No gaps in provision	Sites are of high quality
Allotments	n/a	n/a

Table 7.3: Summary of quantity standards

Typology	Quantity (Sqm)		
	Available	Required	Balance
Parks and gardens	32,600	10,521	+22,080
Natural & semi-natural	60,800	37,914	+22,887
Amenity greenspace	3,700	11,116	-7,416
Play provision	2,100	993	+1,108
Allotments	0	-	-

Summary and Priorities

The priority for the area is to enhance lower quality sites where possible. Furthermore, any opportunities for new provision could look to focus on existing quantity shortfalls.

- ♦ Danehill Recreation Ground (ID 46) could benefit from wildlife areas, better paths and signage.
- ♦ Beaconsfield Road Woodland (ID 15) could benefit from enhanced ancillary facilities including bins, signage and entrances/approaches.

Site ID	Site name	Open space type	Size (ha)	Quality score	Value score
295	Christian Community Church	Cemeteries	0.30		
296	St Stephens Church	Cemeteries	0.28		

The application of the provision standards for quantity, quality, and accessibility (including catchment mapping) are presented in the main Open Space Report. The following is a summary to the findings.

Table 10.2: Summary of accessibility and quality standards

Typology	Accessibility	Quality
Parks and gardens	n/a	n/a
Natural & semi-natural	No gaps in provision	Site of low quality
Amenity greenspace	No gaps in provision	Two out of five sites rate below quality threshold.
Play provision	Gap in provision	One out of two sites rate below quality threshold
Allotments	No gaps in provision	Site of low quality

Table 10.3: Summary of quantity standards

Typology	Quantity (Sqm)		
	Available	Required	Balance
Parks and gardens	0	-	-
Natural & semi-natural	141,500	101,058	+40442
Amenity greenspace	50,000	29,630	20,370
Play provision	500	2,646	-2,146
Allotments	11,700	5,291	6,409

Summary and Priorities

The priority for the area is to enhance lower quality sites where possible. Furthermore, any opportunities for new provision could look to focus on existing quantity shortfalls in natural and play provision.

- ◀ Scarlett's Lake (ID 163) could benefit from enhanced ancillary facilities including bins, signage and entrances/approaches. The site could also benefit from better paths and overall maintenance.
- ◀ Forest Row Cricket Club (ID 62) and Medway Drive AGS (ID 124) could benefit from signage and controls to prevent illegal use. Forest Row Cricket Club could benefit from a better car park surface. Medway Drive AGS could benefit from a bin and bench.
- ◀ Forester's Green Skatepark (ID 63.1) could benefit from seating and enhanced surfaces
- ◀ Ashdown Road (ID 11) and North Green (ID 136) are highlighted as helping to serve areas with gaps in parks and gardens provision. Ensuring their high quality is important.
- ◀ To address gaps in catchment mapping, explore opportunities to expand existing provision to cater for a wider range of age ranges at Foresters Green Skatepark (ID 63.1).

WEALDEN DISTRICT COUNCIL OPEN SPACE STUDY - PARISH AREA SUMMARY

11. Framfield Parish Area Summary

Figure 11.1: Framfield with open space sites

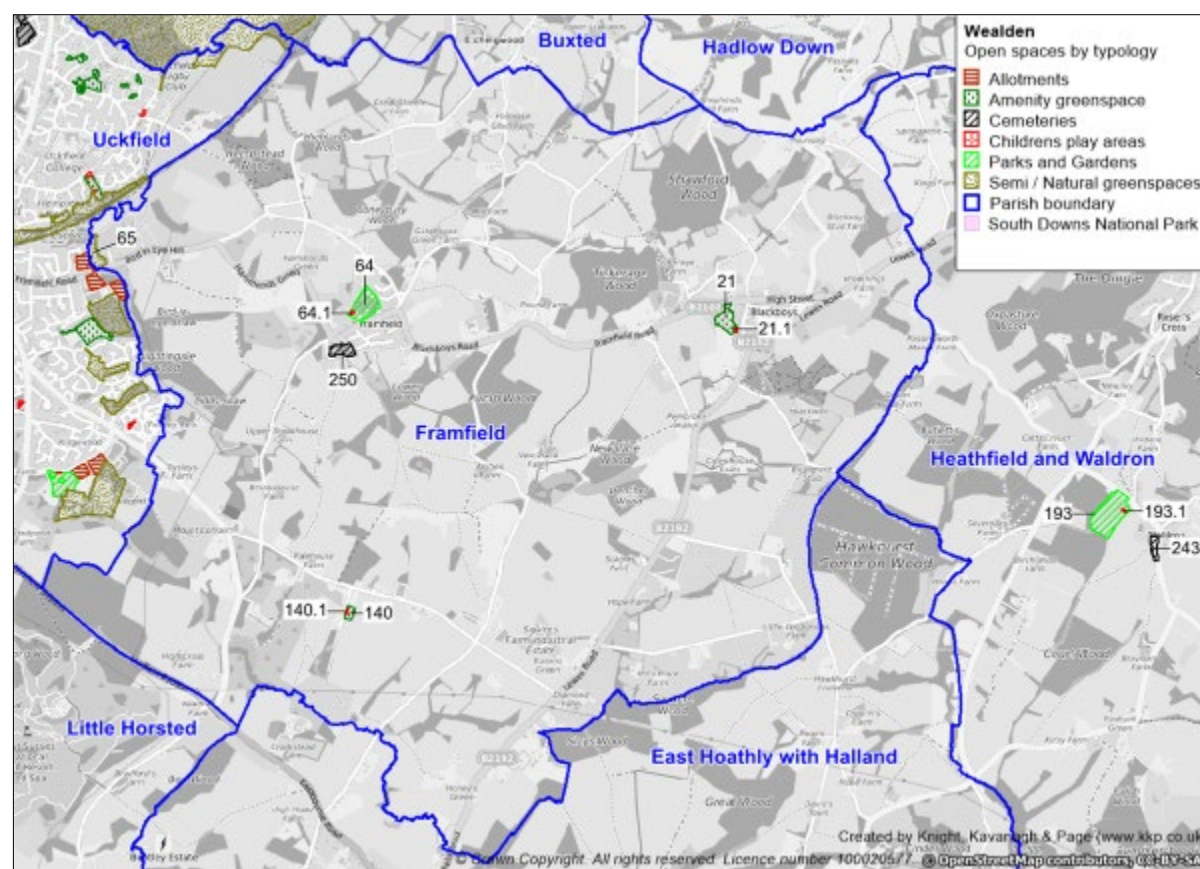

Table 11.1: List of open space sites

Site ID	Site name	Open space type	Size (ha)	Quality score	Value score
21	Blackboys Recreation Ground	Amenity greenspace	1.46		
21.1	Blackboys Recreation Ground Children's Play Space	Children's play areas	0.11		
64	Framfield Recreation Ground	Parks and Gardens	2.53		
64.1	Framfield Recreation Ground Children's Play Space	Children's play areas	0.04		
140	Palehouse Common Recreation Ground	Amenity greenspace	0.37		
140.1	Palehouse Common Recreation Ground Play Space	Children's play areas	0.04		
250	St Thomas A Becket Church	Cemeteries	1.07		

The application of the provision standards for quantity, quality, and accessibility (including catchment mapping) are presented in the main Open Space Report. The following is a summary to the findings.

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Table 11.2: Summary of accessibility and quality standards

Typology	Accessibility	Quality
Parks and gardens	No gaps in provision	Site of low quality
Natural & semi-natural	n/a	n/a
Amenity greenspace	No gaps in provision	One out of two sites rate below quality threshold.
Play provision	No gaps in provision	One out of three sites rate below quality threshold
Allotments	n/a	n/a

Table 11.3: Summary of quantity standards

Typology	Quantity (Sqm)		
	Available	Required	Balance
Parks and gardens	25,300	11,162	+14,138
Natural & semi-natural	0	-	-
Amenity greenspace	18,300	11,794	+6,506
Play provision	2,000	1,053	+947
Allotments	-	-	-

Summary and Priorities

The priority for the area is to enhance lower quality sites where possible.

- ✦ Framfield Recreation Ground (ID 64) could benefit from better car parking surface and enhanced signage.
- ✦ Palehouse Common Recreation Ground (ID 140) could benefit from enhanced ancillary facilities including bins, signage, and entrances/approaches
- ✦ Palehouse Common Recreation Ground Play Space (ID 140.1) could benefit from enhanced user security and entrances with it being located down a narrow track.

The application of the provision standards for quantity, quality, and accessibility (including catchment mapping) are presented in the main Open Space Report. The following is a summary to the findings.

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Table 14.2: Summary of accessibility and quality standards

Typology	Accessibility	Quality
Parks and gardens	No gaps in provision	Three out of three sites rate below quality threshold
Natural & semi-natural	No gaps in provision	Two out of three sites rate below quality threshold
Amenity greenspace	No gaps in provision	Nine out of 13 sites rate below quality threshold
Play provision	No gaps in provision	Six out of 15 sites rate below quality threshold
Allotments	No gaps in provision	One out of two sites rate below quality threshold

Table 14.3: Summary of quantity standards

Typology	Quantity (Sqm)		
	Available	Required	Balance
Parks and gardens	100,800	119,870	-19,070
Natural & semi-natural	83,100	431,985	-348,885
Amenity greenspace	85,300	126,655	41,355
Play provision	13,600	11,309	+2,292
Allotments	11,200	22,617	-11,417

Summary and Priorities

The priority for the area is to enhance lower quality sites where possible. Furthermore, any opportunities for new provision could look to focus on existing quantity shortfalls.

- Western Road Recreation Ground (ID 198) could benefit from improvements to entrances and signage. Brunel Drive (ID 26) and Maurice Thornton Playing Fields (ID 120) could benefit from enhanced pathways, litter and dog bins
- Grovelands Road Nature Area (ID 73) and Hailsham Country Park (ID 75) could benefit from enhanced signage. Grovelands Road Nature Area could benefit from bins.
- The nine lower scoring amenity greenspace sites, Coopers Way AGS (ID 38), Land adjacent to Grovelands Primary School (ID 110), Meadow Road AGS (ID 123), Mountain Ash Close AGS (ID 129), Pelham Crescent AGS (ID 145), Quinnell Drive Park (ID 158), Solway AGS (ID 167), The Gages AGS (ID 174) and Weavers Lane Rec (ID 195) could benefit from enhanced ancillary features. Land adjacent to Grovelands Primary School is a bit hidden therefore could benefit from enhanced user security. Solway AGS and Land adjacent to Grovelands Primary School could benefit from seating and bins.
- Telford Lane play area (ID 173) and Coach Barn Lane play area (ID 37) could benefit from bins. Coach Barn Lane play area could benefit from enhanced range and quantity of equipment. Stanier Street play area (ID 169), Observatory View MUGA (ID 138.1) and Telford Lane play area (ID 173) could benefit from enhanced signage. Orchard Lane play area (ID 139.1) could benefit from improved disabled access.

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Summary and Priorities

The priority for the area is to enhance lower quality sites where possible. Furthermore, any opportunities for new provision could look to focus on existing quantity shortfalls.

- ◀ The Coppice (ID 176) and The Ghyll (Mulberry Way River Corridor) (ID 178) could benefit from signage and seating.
- ◀ Sheepsetting Lane Playing Fields (ID 166) could benefit from enhanced signage, some seating and wider entrances.
- ◀ Broad Oak Village Hall Play Area (ID 23), Heathfield and Waldron RFC Play Space (ID 81), Heathfield Skate Park (ID 83), Leeves Way Play Area (ID 112.1) and Leeves Way MUGA (ID 112.2) could benefit from enhanced signage. Heathfield Skate Park could benefit from seating.
- ◀ To address gaps in catchment mapping for play provision, explore opportunities to provide equipment at sites such as The Coppice (ID 176) and The Ghyll (ID 178) should be considered.
- ◀ Heathfield Recreation Ground (ID 82) is highlighted as helping to serve an area with a gap in parks and gardens provision. Ensuring its high quality is important.

The application of the provision standards for quantity, quality, and accessibility (including catchment mapping) are presented in the main Open Space Report. The following is a summary to the findings.

Table 24.2: Summary of accessibility and quality standards

Typology	Accessibility	Quality
Parks and gardens	n/a	n/a
Natural & semi-natural	No gaps in provision	Site of low quality
Amenity greenspace	No gaps in provision	Two out of five sites rate below quality threshold
Play provision	No gaps in provision	Three out of six sites rate below quality threshold
Allotments	n/a	n/a

Table 24.3: Summary of quantity standards

Typology	Quantity (Sqm)		
	Available	Required	Balance
Parks and gardens	0	-	-
Natural & semi-natural	579,900	72,294	+507,607
Amenity greenspace	59,100	21,196	+37,904
Play provision	3,700	1,893	+1,808
Allotments	0	-	-

Summary and Priorities

The priority for the area is to enhance lower quality sites where possible.

- ✦ Fairwarp Woods (ID 57) could benefit from more bins and benches.
- ✦ Fairwarp Queen Elizabeth II Field (ID 55) could benefit from better entrances, user security, signage, benches and bins. Batts Bridge Road AGS (ID 13) could benefit from bins.
- ✦ Ford Green Recreation Ground Play Space (ID 61) could benefit from benches, bins and signage. Fairwarp Green Playspace (ID 61.1) could benefit from better fencing. Limestone Way Play Area (ID 113) could benefit from enhanced range of equipment. The ropes at the site are observed as missing and the site is noted as having basic equipment.

The application of the provision standards for quantity, quality, and accessibility (including catchment mapping) are presented in the main Open Space Report. The following is a summary to the findings.

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Table 27.2: Summary of accessibility and quality standards

Typology	Accessibility	Quality
Parks and gardens	n/a	n/a
Natural & semi-natural	No gaps in provision	Site of low quality
Amenity greenspace	No gaps in provision	Sites of high quality
Play provision	No gaps in provision	Two out of three sites rate below quality threshold
Allotments	No gaps in provision	Site of high quality

Table 27.3: Summary of quantity standards

Typology	Quantity (Sqm)		
	Available	Required	Balance
Parks and gardens	0	-	-
Natural & semi-natural	83,000	63,240	+19,760
Amenity greenspace	28,300	18,542	+9,758
Play provision	3,100	1,656	1,445
Allotments	10,400	3,311	+7,089

Summary and Priorities

The priority for the area is to enhance lower quality sites where possible. Furthermore, any opportunities for new provision could look to focus on existing quantity shortfalls.

- ✦ Anderita Park (ID 6) could benefit from bins and enhanced signage.
- ✦ Pevensey Bay Ground Play Area (ID 147.1) and Pevensey Recreation Ground Play Area (ID 148.1) could benefit from enhanced quality of equipment and surfaces. Pevensey Bay Ground Play Area is noted as containing weeds with areas of old wet pour with no equipment. Pevensey Recreation Ground Play Area could also benefit from signage and improved fencing. The site's surface has parts of old wet pour.

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Site ID	Site name	Open space type	Size (ha)	Quality score	Value score
201.2	Willingdon Recreation Ground MUGA	Children's play areas	0.01		
262	St Georges RC Church and Hall	Cemeteries	0.38		
263	St Johns Church and hall, Polegate	Cemeteries	0.30		

The application of the provision standards for quantity, quality, and accessibility (including catchment mapping) are presented in the main Open Space Report. The following is a summary to the findings.

Table 28.2: Summary of accessibility and quality standards

Typology	Accessibility	Quality
Parks and gardens	Gap in provision	Site of high quality
Natural & semi-natural	Gaps in provision	Site of high quality
Amenity greenspace	Gaps in provision	Two out of three sites rate below quality threshold
Play provision	Gap in provision	Four out of six sites rate below quality threshold
Allotments	Gap in provision	Site of low quality

Table 28.3: Summary of quantity standards

Typology	Quantity (Sqm)		
	Available	Required	Balance
Parks and gardens	32,200	49,666	-17,466
Natural & semi-natural	47,700	178,986	-131,286
Amenity greenspace	36,100	52,478	-16,378
Play provision	4,300	4,686	-386
Allotments	11,600	9,371	+2,229

Summary and Priorities

The priority for the area is to enhance lower quality sites where possible. Furthermore, any opportunities for new provision could look to focus on existing quantity shortfalls.

- For the lower scoring amenity greenspace sites, Sunflower Lane (ID 172) could benefit from better maintenance including weeding. It could also benefit from signage and bins. Jubilee Drive (ID 105) could benefit from signage, seating and bins.
- Sunflower Lane play area (ID 172.1) could benefit from signage and a bin. Jubilee Drive play area (ID 105.1) could benefit from bins, signage and seating. The BMX track at Pleasure Ground (included within ID 151.1) could improve with better care and improved surfaces. Pleasure Ground Basketball is very good, but Pleasure Ground skate park (ID 151.2) could benefit from bins and benches.
- To address gaps in catchment mapping, explore opportunities to expand existing provision to cater for a wider range of age ranges at sites such as Adur Park (ID 3).

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

The application of the provision standards for quantity, quality, and accessibility (including catchment mapping) are presented in the main Open Space Report. The following is a summary to the findings.

Table 31.2: Summary of accessibility and quality standards

Typology	Accessibility	Quality
Parks and gardens	Gap in provision	Sites of high quality
Natural & semi-natural	No gaps in provision	Six out of 10 sites rate below quality threshold
Amenity greenspace	No gaps in provision	Three out of eight sites rate below quality threshold
Play provision	No gaps in provision	Three out of 13 sites rate below quality threshold
Allotments	No gaps in provision	Sites of high quality

Table 31.3: Summary of quantity standards

Typology	Quantity (Sqm)		
	Available	Required	Balance
Parks and gardens	111,000	80,072	+30,928
Natural & semi-natural	527,200	288,563	+238,637
Amenity greenspace	63,000	84,605	-21,605
Play provision	9,000	7,554	+1,446
Allotments	42,500	15,108	+27,392

Summary and Priorities

The priority for the area is to enhance lower quality sites where possible. Furthermore, any opportunities for new provision could look to focus on existing quantity shortfalls.

- Lower scoring natural sites such as POS The Drive (ID 154) could benefit from better paths, gradient and user security. Lake Wood (ID 108) could benefit from better entrances/ approaches, user security and enhanced signage including directional signposts with the site having difficult access from a busy road/corner. A car park off the main road would be beneficial. West Park Nature Reserve (ID 196) could benefit from better entrances, user security and enhanced signage. Nightingale Woods (ID 130) could benefit from bins, better user security and signage. Selby Meadow (ID 316) could benefit from more bins. Bridge Farm Wood (ID 317) could benefit from signage and bins.
- Lower scoring amenity sites such as The Dene (ID 177) could benefit from better paths and some benches. The Square by Tower Ride (ID 182) could benefit from better paths which are becoming uneven and containing weeds. This site could also benefit from more regular grass cutting. Senlac Green (ID 164) could benefit from improvements to the uneven path.
- Downlands Copse play area (ID 154.1) could benefit from better user security, entrances and more regular maintenance. Victoria Pleasure Ground Skate Park (New Barn Farm) (ID 189.3) could benefit from better entrances and user security and removal of graffiti. Sand Ridge Play Area (ID 222) could benefit from better gradients.

204	Sparrow Green allotments	Allotments	0.81		
310	Wadhurst Church	Cemeteries	0.79		

The application of the provision standards for quantity, quality, and accessibility (including catchment mapping) are presented in the main Open Space Report. The following is a summary to the findings.

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Table 32.2: Summary of accessibility and quality standards

Typology	Accessibility	Quality
Parks and gardens	No gaps in provision	Site of low quality
Natural & semi-natural	n/a	n/a
Amenity greenspace	No gaps in provision	One out of two sites rate below quality threshold
Play provision	No gaps in provision	One out of five sites rate below quality threshold
Allotments	No gaps in provision	Site of low quality

Table 32.3: Summary of quantity standards

Typology	Quantity (Sqm)		
	Available	Required	Balance
Parks and gardens	27,800	25,922	1,878
Natural & semi-natural	774,600	93,418	681,182
Amenity greenspace	27,300	27,390	-90
Play provision	3,700	2,446	1,255
Allotments	8,100	4,891	3,209

Summary and Priorities

The priority for the area is to enhance lower quality sites where possible.

- ◆ Sparrow Green Recreation Ground (ID 168) could benefit from a better-quality car parking surface.
- ◆ Wadhurst Playing Fields (ID 192) could benefit from enhanced signage, better entrances/approaches with access entrances off a narrow road.
- ◆ Sparrow Green Play Area (ID 168.1) could benefit from enhanced signage and range of equipment.
- ◆ Sparrow Green allotments (ID 204) could benefit from a wider access path, signage and enhanced user security.
- ◆ Sparrows Green Recreation Ground (ID 168) is highlighted as helping to serve an area with a gap in natural greenspace provision. Ensuring its high quality and exploring opportunities to strengthen any natural features is important.

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Site ID	Site name	Open space type	Size (ha)	Quality score	Value score
315	St Mary the Virgin, Westham	Cemeteries	0.73		

The application of the provision standards for quantity, quality, and accessibility (including catchment mapping) are presented in the main Open Space Report. The following is a summary to the findings.

Table 35.2: Summary of accessibility and quality standards

Typology	Accessibility	Quality
Parks and gardens	No gaps in provision	Site of low quality
Natural & semi-natural	No gaps in provision	Five out of six sites rate below quality threshold
Amenity greenspace	No gaps in provision	One out of three sites rate below quality threshold
Play provision	No gaps in provision	Four out of four sites rate below quality threshold
Allotments	n/a	n/a

Table 35.3: Summary of quantity standards

Typology	Quantity (Sqm)		
	Available	Required	Balance
Parks and gardens	39,000	40,365	-1,635
Natural & semi-natural	44,800	146,440	-101,640
Amenity greenspace	9,000	42,935	-33,935
Play provision	2,500	3,834	-1,334
Allotments	0	-	-

Summary and Priorities

The priority for the area is to enhance lower quality sites where possible. Furthermore, any opportunities for new provision could look to focus on existing quantity shortfalls.

- Adur Park (ID 3) could benefit from improvements to boundary fencing and wider entrances and paths.
- The lower scoring natural greenspace sites, Darent Close (ID 47), Lambourn Ave (ID 109) and Pickens Wood (ID 150) could benefit from enhanced ancillary facilities including more bins, signage, and seating. Beauleu Drive (ID 17) could benefit from seating and signage. Butcher's Field (ID 27) could benefit from bins and enhanced pathways.
- Windmill Green (ID 202) could benefit from better entrances/approaches, paths and signage.
- Adur Park Play Area (ID 3.1), Adur Park Basketball (ID 3.2), Lambourn Ave Play Space (ID 109.1) and Bronte Drive play area (ID 25) could benefit from signage. Adur Park Play Area could also benefit from improved surfaces. Bronte Drive play area could also benefit from a bin.

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Parish and Town Council Consultation Summary

Parish/Town Council	Key information
Alfriston Parish Council	Alfriston Playground, Broadway, Alfriston: - Owned by the PC - There is a project at the moment to do fundraising to improve the playground as it is in dire need of it. - Current project to do fundraising to install a MUGA
Arlington Parish Council	No information about quality of sites, or issues/aspirations.
Berwick Parish Council	No information about quality of sites, or issues/aspirations.
Buxted Parish Council	Good quality existing sites. Sufficient open spaces to serve Parish. There are a lot of clubs and societies. We are not aware of any people within the community whose needs are not being met. The only group that could be included in this is young teenagers. Overdevelopment of houses. Good quality existing sites.
Crowborough Town Council	Adequate quality play areas: - Goldsmiths - Jarvis Brook - Adams Field - Wolfe Rec Ground - Play provision at Silver Jubilee is poor. - Good quality allotments. - Poor changing facilities at Wolfe Rec Ground. - Pocket Park is poor quality. - Plans for improvement of the standard of football pitches and a tennis court refurbishment. - Monetary restrictions are one of challenges facing the community.
Cuckmere Valley Parish Council	No info on survey.
Danehill Parish Council	- DPC looking to invest in teen provision and toddler update to main park. - Would like to see more teen shelters and running tracks.
East Hoathly with Halland	- Community Garden Plots is good quality and has no waiting list. - Open spaces around the parish are about to be built on with permission granted for sites with 205 and 35 houses - Insufficient open space-lacking in parks, woodlands and accessible fields. - Would like to see improved facilities for older children and adults
Forest Row Parish Council	Sufficient open space but feel that young adults and young mother's needs are not met.
Framfield Parish Council	- Adequate quality play provision. - It is a constant struggle for the PC to maintain/provide new equipment. The play areas were refurbished 6 years ago with a PWLB loan. - Framfield Allotments are poor quality. It is the first time that Allotments have been full in 25 years due to the Covid-19 pandemic it is thought.

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Parish/Town Council	Key information
	- Rec ground is very wet although it has had expensive drainage works on many occasions so really is not suitable for sports unless a large amount of funds were spent on it. - Concerns over the prospect of too many houses with residents wanting more facilities on an already stretched Parish budget. - Young people and the elderly's needs are not being met.
Hadlow Down Parish Council	- Hadlow Down Playing Field and Play Area are good quality. - New Community Centre and Sports Pavilion is planned subject to funding - Lack of volunteers. Potential lack of youth provision
Hailsham Parish Council	Good quality play provision at: - Western Road Recreation Ground - Quinnet Drive - Maurice Thornton Adequate quality play provision at: - Battle Road - Stromer Gardens Battle Road Allotments - Owned by PC - 57 plots - 10 on waiting list - Access to water - Good quality Harold Avenue Allotments - Owned by PC - 27 plots - 5 on waiting list - Access to water - Good quality Station Road Allotments - 13 plots - 10 on waiting list - Access to water - Good quality Insufficient amount of open space to serve the Parish. Lack of facilities and funding. Would like to see more outdoor space, specifically formal sports pitches. Cycle and walking paths.
Hartfield Parish Council	- Insufficient amount of open space to serve the Parish. - More houses need more open space for general recreation - More youth provision and services needed
Heathfield Parish Council	- Play provision of adequate quality. - Not enough facilities especially for older children. - 26 on waiting list at Theobalds Green Allotments. Additional provision required as evidenced by our waiting list. We are looking at adding 24 more plots at Theobalds Green. - Impending loss of Heathfield Leisure Centre resulting in lack of indoor sports facilities in the town. - No swimming pool in the town.

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Parish/Town Council	Key information
	- Lack of all-weather facilities. WDC aren't investing in the leisure and sports facilities for the town and are withdrawing them and investing elsewhere in the district. - Would like more pitches and more open spaces facilities for older children. - Problems with ASB at recreation grounds and skatepark. Youth club isn't open enough and not enough investment from ESCC.
Herstmonceux Parish Council	- Play area at rec ground has recently been refurbished but the Skatepark needs some refurbishment. - Would like to see better Transport links, more local shops and more support for local businesses and further allotment sites. - Sufficient open space
Horam Parish Council	Play area at Scott Recreation Ground is currently undergoing drainage works due to severe flooding late last year and early this year due to poor maintenance of the ground before the Parish Council took ownership.
Little Horsted Parish Council	- Younger people are not catered for in the parish. Their numbers are low but they need to travel out of the parish to access any community facilities. - There is not a large range of alternative "fun" options for young people - such as rock climbing / pump tracks / splash pads. - The community are facing challenges of affordability of services many of the in-parish options are privately owned and come at a cost prohibitive to many.
Maresfield Parish Council	16 on waiting list at Maresfield Village Allotments. Under a recent S106 agreement land is being gifted to the Parish Council, which is expected to facilitate the provision of a number of allotments. - Occasional anti-social behaviour possibly reflecting a lack of youth provision in the Parish. - Would like to see more youth clubs and adult fitness equipment in the area.
Mayfield and Five Ashes Parish Council	- Insufficient open space in the parish-green open space in general and recreational space for the youth. - As the population grows the green and open space needs to be protected. - There is poor mobile phone connectivity and broadband contention issues. Poor transport provision in the evenings and at weekends and unaffordable taxi fees. - Limited parking available in Mayfield during the day. Limited larger areas for the development of additional housing. - Would like to see an additional play area to the south of Mayfield. - Need more older youth clubs/ access to cadets etc.
Pevensey Parish Council	- The play provision at Wallsend Road Recreation Ground, Coast Road Recreation Ground and Half Pipe are all of adequate quality. An application to the national lottery has been submitted to replace various items in Wallsend Road as a lot of the equipment has come to the end of its natural life. The ground is very well used. More for children. - Parts of Pevensey Allotments can flood. This has been raised by Council. The allotments are in good condition. 10 on waiting list. - Anderida Park, Wallsend Road Recreation Ground and

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Parish/Town Council	Key information
	Dukelands are good quality. - Poor quality changing facilities at Wallsend Road Recreation Ground. The pavilion is in need of a lot of work as the facilities needs updating and more changing facilities are required. Long term Plans/work for grants are being looked into. The over all ground is in very good condition and is well looked after by the Sports Club.
Polegate Parish Council	- Parish Council are planning a new pump track and concrete skate park, outdoor gym and more. - There is not enough open space in the town. Most of the open space is being built on. - The North has a large deficit of open space and open space in that area is being built on at a rapid speed. - Poor quality changing facilities at Polegate War Memorial. - 21 on waiting list at Cophall Allotments. - Disability groups' needs not being met. Challenges the community are facing include: - Finances - Lack of open spaces that are not being used for building (privately owned), lack of assistance from the district council. The Parish Council would like to see more of the following in the area: - Trim trails - Walking areas - Cycling areas - Parks and gardens.
Uckfield Parish Council	- Play areas of mixed quality-adequate to good. - The Town Council has heavily funded along with developer contributions three upgrades in the past five years - Ridgewood, Hughes Way and Luxfords totalling around £355k. - Allotments all adequate quality, all have access to water and all have waiting lists over 10, Ridgewood with the most (35). - Since the pandemic, we have been swamped with an increase in enquiries. Our waiting list is the highest it's ever been. Previous waiting lists have been in the region of 25/30, now we're at 130. It is difficult to predict how long this love for the outdoors will continue. - There is plenty of attractive and beautiful open space for residents, visitors and workers in Uckfield. What we lack are the facilities for sport, leisure and community facilities in the town to support a growing population. Space isn't the issue, it's adequate grounds or the necessary quality or buildings to facilitate sport, leisure and community activities. - Concerns that the facilities for sport, leisure and community activities is limited and already at and over capacity. Further facilities are required to support a growing population but the funding is not there to provide for these at present.

WEALDEN DISTRICT COUNCIL

OPEN SPACE STUDY - PARISH AREA SUMMARY

Parish/Town Council	Key information
	- Would like to see another all-weather pitch (there is already one adjacent to Uckfield College/Uckfield Leisure Centre which is in high demand). - There is a pressing need for an increase in community space for hire for community, voluntary and charitable sector. We receive enquiries regularly. - There is also interest in expanding the provision for tennis.
Wadhurst Parish Council	- Existing open spaces are good quality. - Sufficient amount of open space to serve the Parish.
Wartling Parish Council	No info on survey.
Westham Parish Council	Play areas at Adur Park, Cherwell Close and Hamble Road are of adequate quality. Rattle Road Allotment site. - 10 on waiting list - 13 plots - No access to water. - Adequate quality - Another allotment site needed as soon as possible in the Stone Cross area of the Parish. A site has been earmarked on the new Mill Valley Housing Estate, Stone Cross last year. It has been set up but has never been handed over to the Parish Council. Many enquiries about new allotment site have been received but no answers have been forthcoming from Wealden DC. - Not enough open space to serve the Parish.
